XE-A506 Thermal Cash Register w/Barcode Scanner

The XE-A506 cash register with Microban[®] antimicrobial key tops is the ideal solution for businesses requiring advanced functionality along with a separate thermal receipt journal. This cash management system includes a barcode scanner for fast accurate checkout. It also features an alpha-numeric display for the operator and a numeric display for the customer, 7000 price look-ups and an extra-large cash drawer. For ease-of-use, the XE-A506 includes a PC link cable and PC software for simple programming of all PLUs, departments and clerks. The XE-A506 also offers a graphic logo generator to let users customize logos and graphics to receipts.
